

A woman in profile, facing left, is depicted in a desert landscape. She wears an elaborate golden headdress with long, thin spikes radiating from the top. Her attire consists of multiple layers of gold jewelry, including necklaces, armlets, and a bracelet. She holds a large, circular, golden object with a complex, woven pattern and a central drain-like feature. The background shows a clear blue sky and a sandy desert with some rocky terrain. The overall aesthetic is one of luxury and ancient Egyptian grandeur.

Intricate Beauty for the Bathroom

Functional works of art, Artist Editions decorative products go beyond beautiful design. Handcrafted from the finest materials to be one of a kind, these products are as individual as you are. For the homeowner with an artistic sensibility, these decorative products let you create a space that is truly your own.

Balancing artistry and craftsmanship with utility, Artist Editions products invite you to celebrate beauty and creativity each day.

Handcrafted from the finest materials to be one of a kind, these products are as individual as you are. For the homeowner with an artistic sensibility, decorative products let you create a space that is truly your own.

Bronze

Because of its strength and resistance to salt water, bronze is a fitting choice for a bathroom sink. Highly skilled craftspeople transfer each incredibly detailed pattern from mold to casting. Each sink is smoothed and polished to a burnished living finish that deepens with character over time.

Glass

Glass has a versatile, fluid nature that lends itself to artistic expression. Cast, spun, slumped or pressed – our glass sinks are crafted by our own small team of artisans, shaping basins that range from smooth and sculptural to intricate and patterned.

Ceramic

The inherent strength and durability of ceramics make them an ideal material for bathroom sinks. The use of Ceramic Ink Transfer technique achieves a high level of detailing and finish not possible with hand painting. With detailed precision, each pattern is hand-applied before the fixtures are fired to perfection in our custom kilns.

Metallic Details

Adorning things we value with precious metals is a tradition long practiced in many cultures. Gold and platinum, in particular, have ornamented fine dinnerware for centuries. We've extended this practice to several Artist Editions designs, layering gold and platinum into complex patterns for an added sense of formality and sophistication. Metallic patterns are hand-applied and kiln-fired for durability.

Subtle Textures

Textured patterns begin with meticulously carved, in most cases hand-chiseled, plaster molds. From these, we create working molds that produce ceramic sink castings ready to be glazed and fired. The use of translucent glaze imparts a unique visual and tactile experience. Color pools deepens where the pattern dips and is softer where the pattern rises.

K-T14415-3-BV | K-410-K-NA

Kamala®

Inspired by ancient Southeast Asian tribal rain drums, the Kamala® vessel style sink is covered with an elaborate low-relief pattern of dots, ridges, scrolls, and links. Toward the center of the basin, a ring of columns directs the water's flow to the integrated drain. Cast from bronze, Kamala® has a living finish that will patina gracefully over time.

Margaux, single-handle faucet in brushed bronze | K-16230-4-BV

Margaux® single-handle faucet in brushed bronze
K-16230-4-BV

Lilies Lore®

Lilies Lore® is derived from the rich and highly stylized plant motifs of Art Nouveau. Breathing new life into an old-world material, this cast-bronze sink takes on a modern shape through an organic and intricate floral pattern. The grid drain is built into the basin surface, offering a seamless bowl with a continuous pattern. Over time, the patina will deepen to a warm brown finish to reflect the movement of water.

Derring™

Inspired by studio pottery, the Derring™ collection celebrates the inherent beauty and authenticity of handcrafted ceramics. Each sink is a one-of-a-kind creation, finished with unique artisanal glazes that produce fascinating surface effects. A hand-carved texture accentuates the subtle tonal variations of the glazes. Featured in neutral hues, this sink can be the centerpiece of your bath, or it can serve as a unifying element that pulls everything else together. This vessel sink offers a recessed, low-profile installation that sits just above your counter.

Flight of Fancy™

Tiny bees and butterflies subtly await discovery. Delicate and understated, the Flight of Fancy™ design on a Caxton® under-mount sink lends graceful elegance to the bathroom. A tribute to the time-honored craftsmanship of traditional raised-enamel relief on dinnerware, the intricate floral detailing is framed by thin bands of rich gold.

K-14218-FG-0 | Gold accents on Caxton® under-mount vessel | 489mm | 410mm | 210mm

Shagreen

The Shagreen collection celebrates the subtle coloring and distinctive pebbled texture of natural shark and ray leather. Inspired by oil spot glazes that originated in China during the Song Dynasty, a two-step glaze process uses minerals to create an interplay of shimmer and matte effects. A striking complement to the graceful Carillon vessel sink, the rich glazed finish shows iridescent pearly tones and a gently granulated texture similar to leather. Each sink's pattern, formed through an organic process, is unique

Dutchmaster

The Dutchmaster collection captures the movement and lush beauty of flowers, bringing bold artistic photography to the bathroom sink. Kohler® collaborated with “florography” artist Ashley Woodson Bailey to create this exquisite floral composition. Inspired by Dutchmaster paintings of the 17th century, the glorious pattern is abloom with hellebores, fritillaries, ranunculus, and sweet pea, dramatically lit on a dark backdrop in the style of chiaroscuro painting. Rendered on the graceful contours of the Carillon® vessel sink, Dutchmaster stands as a bold statement piece in the bath.

Performance Showering

A shower can be the place you ease into the day's rhythm or wind down from the rush. Elevate your showering experience with Kohler digital & thermostatic valves. Choose the components that best suit your needs, from the full, rich coverage of a rainhead to the targeted stream of body sprays to the multifunction showerheads.

Bathing™

A seamless blend of art and technology, Kohler® whirlpools and baths will transform your bathing environment into a luxurious retreat. Durable materials, such as Kohler® Cast Iron and high-gloss acrylic, form the foundation for ergonomic basin shapes in an array of styles. Relax, rejuvenate and renew with Kohler® whirlpools and baths.

Kohler®

UNIQUE EXPERIENCE

Here's a closer look at the technology systems that drive Kohler® hydrotherapies. Each of these technologies has been developed by our own design and engineering teams to bring you the best in hydrotherapy options and experiences.

EFFERVESCENCE TECHNOLOGY

A series of ports, optimally located, distributes champagne-like bubbles that are comprised of the perfect combination of air and water, allowing them to cling to and caress your skin. The result is a sublime, all-encompassing experience.

RIVERBATH

Available on select models, a factory-installed pillow with two integral neckjets pulses alternately from left to right for a stimulating, stress-relieving massage at the back of the neck. Customize your experience by adjusting the pulse and water flow to your level of comfort.

VIBRACOUSTIC

KOHLER's VibrAcoustic technology brings personalized hydrotherapy to this spacious Underscore bath, for a sensual experience unlike any other. Hidden speakers emit sound waves that envelop and gently resound within the body. Choose a soothing spa session with built-in compositions, unwind to your own music playlists, or catch up on news and podcasts.

BASK™ HEATED SURFACE

Select baths are available with a heated back surface for additional spa-like comfort. Three adjustable temperature settings invite you to customize your bathing experience and immerse yourself in warmth and relaxation.

WHIRLPOOL JETS

Kohler® whirlpool jets are individually adjustable to target specific areas of your body. Delivering the optimal mix of air and water, they fully adjust for water flow intensity and directional control.

BACKJETS

On select models, the Bodyssage backjet system, featuring ten Kohler® backjets, loosens tension throughout the back and shoulders and encourages deep breathing. Our backjets fire two by two, targeting the lower back first and moving all the way to the shoulders. In this way, our backjets simulate the natural progression of a hands-on massage.

CHROMATHERAPY

A color experience designed to enhance bathing, this eight-color spectrum washes over the body in a repeating one-minute sequence or may be programmed to rest on any one of the colors, to help create a soothing or energizing ambience.

BUBBLEMESSAGE™ AIRJET DESIGN

This proprietary design ensures comfortable and consistent bubbling action, making Kohler® BubbleMassage the ultimate air bath experience. The 360-degree staggered airjet design, along with targeted foot and lumbar airjets, delivers a full-body massage.

FLEXJET TECHNOLOGY

Flexjet whirlpool jets are individually adjustable to target specific areas of your body. They adjust 360 degrees for intensity level and 60 degrees for direction, and deliver the optimal mix of air and water.

BACKJETS

The Bodyssage backjet system, featuring 10 Kohler® backjets that operate in sequences to simulate a spa massage, loosen tension up the back and across the shoulders, and encourage deep breathing.

IDEAL WHIRLPOOL AIRJETS

With bi-directional air jets and a unique swirling bubble effect, you experience a relaxing massage with the consistent flow of air and water pressure.

WATERPROOF REMOTE CONTROL

Selected models comes with a waterproof remote control which adds further customization and convenience.

NECK MASSAGE

Unique dual action neck massage pillow offer both radiant heating and kneading function to relieve the muscles.

Flexjet® whirlpool trim kit with six jets
K-9696-0

Strayt deck-mount bath shower faucet
K-37337T-4-CP

Consonance™

With two distinct bathing wells of different depths and a cool-off area, this whirlpool lets you create your own home-spa experience for two people. Individually adjustable jets, effervescence ports, and two sets of backjets offer a range of options for gentle or invigorating water massages suited to each bather. Chromatherapy lights permeate the bath while allowing you to change the atmosphere as you please.
